15/6/2020

Candidates who have sent in their requests for financial assistance to the Lady Meherbai D. Tata Education Trust, are requested to communicate their response to the below-mentioned queries, as trailing mails to their previous emails -- this is for easy reference.

1. The name of the University that you definitely plan to attend, and the date on which the lectures will be commencing.

2. A very recent communication from the University confirming the date they plan to start the course. Will your course begin in January 2021 (spring semester) or August/September 2021 (fall semester)?

3. Whether the courses will be through online sessions, and will they be for a full academic year or for a few months?

4. Indicate the total fees for an on-campus or online course, whichever is applicable.

5. On receiving the above-mentioned details, the Trust office will communicate to the candidates through the Tata Trusts website.

Please note:

- Only those students who will be pursuing their studies in subjects which conform to the Lady Meherbai D. Tata Education Trust guidelines will receive response from the Trust.
